Welcome to Edinburgh Napier University.

Going to university is a time of great opportunity, a time for personal growth and development. Here at Edinburgh Napier University we offer a wide range of learning, cultural, and social opportunities that will build and develop the knowledge, skills and confidence that will help you achieve your potential. From our courses to our sports teams and academic societies, work placements and international exchanges to volunteering – they are all designed to support you to achieve your goals.

Our degree courses blend academic challenge with work-related experiences and engagement which are embedded throughout our curriculum. We take pride in our strong links with business, industry and public and voluntary sectors, which help us prepare our students well for successful careers. More than 95% of our students are employed or in further study within six months of graduation, and are highly valued by employers.

I believe that choosing to study at Edinburgh Napier is a wise move, but don't just take my word for it. Take advantage of the many presentations available today, explore our facilities and talk to our staff and students who are here to advise and help you. Edinburgh Napier is a young, ambitious and inspiring University with a truly diverse student population. I hope you choose to join us and look forward to seeing you again.

Thank you for visiting, enjoy your day.
