Strategy 2020:

Building Success features four main pillars and aims:

To grow our academic reputation

To deliver an excellent personalised student experience

To internationalise our work

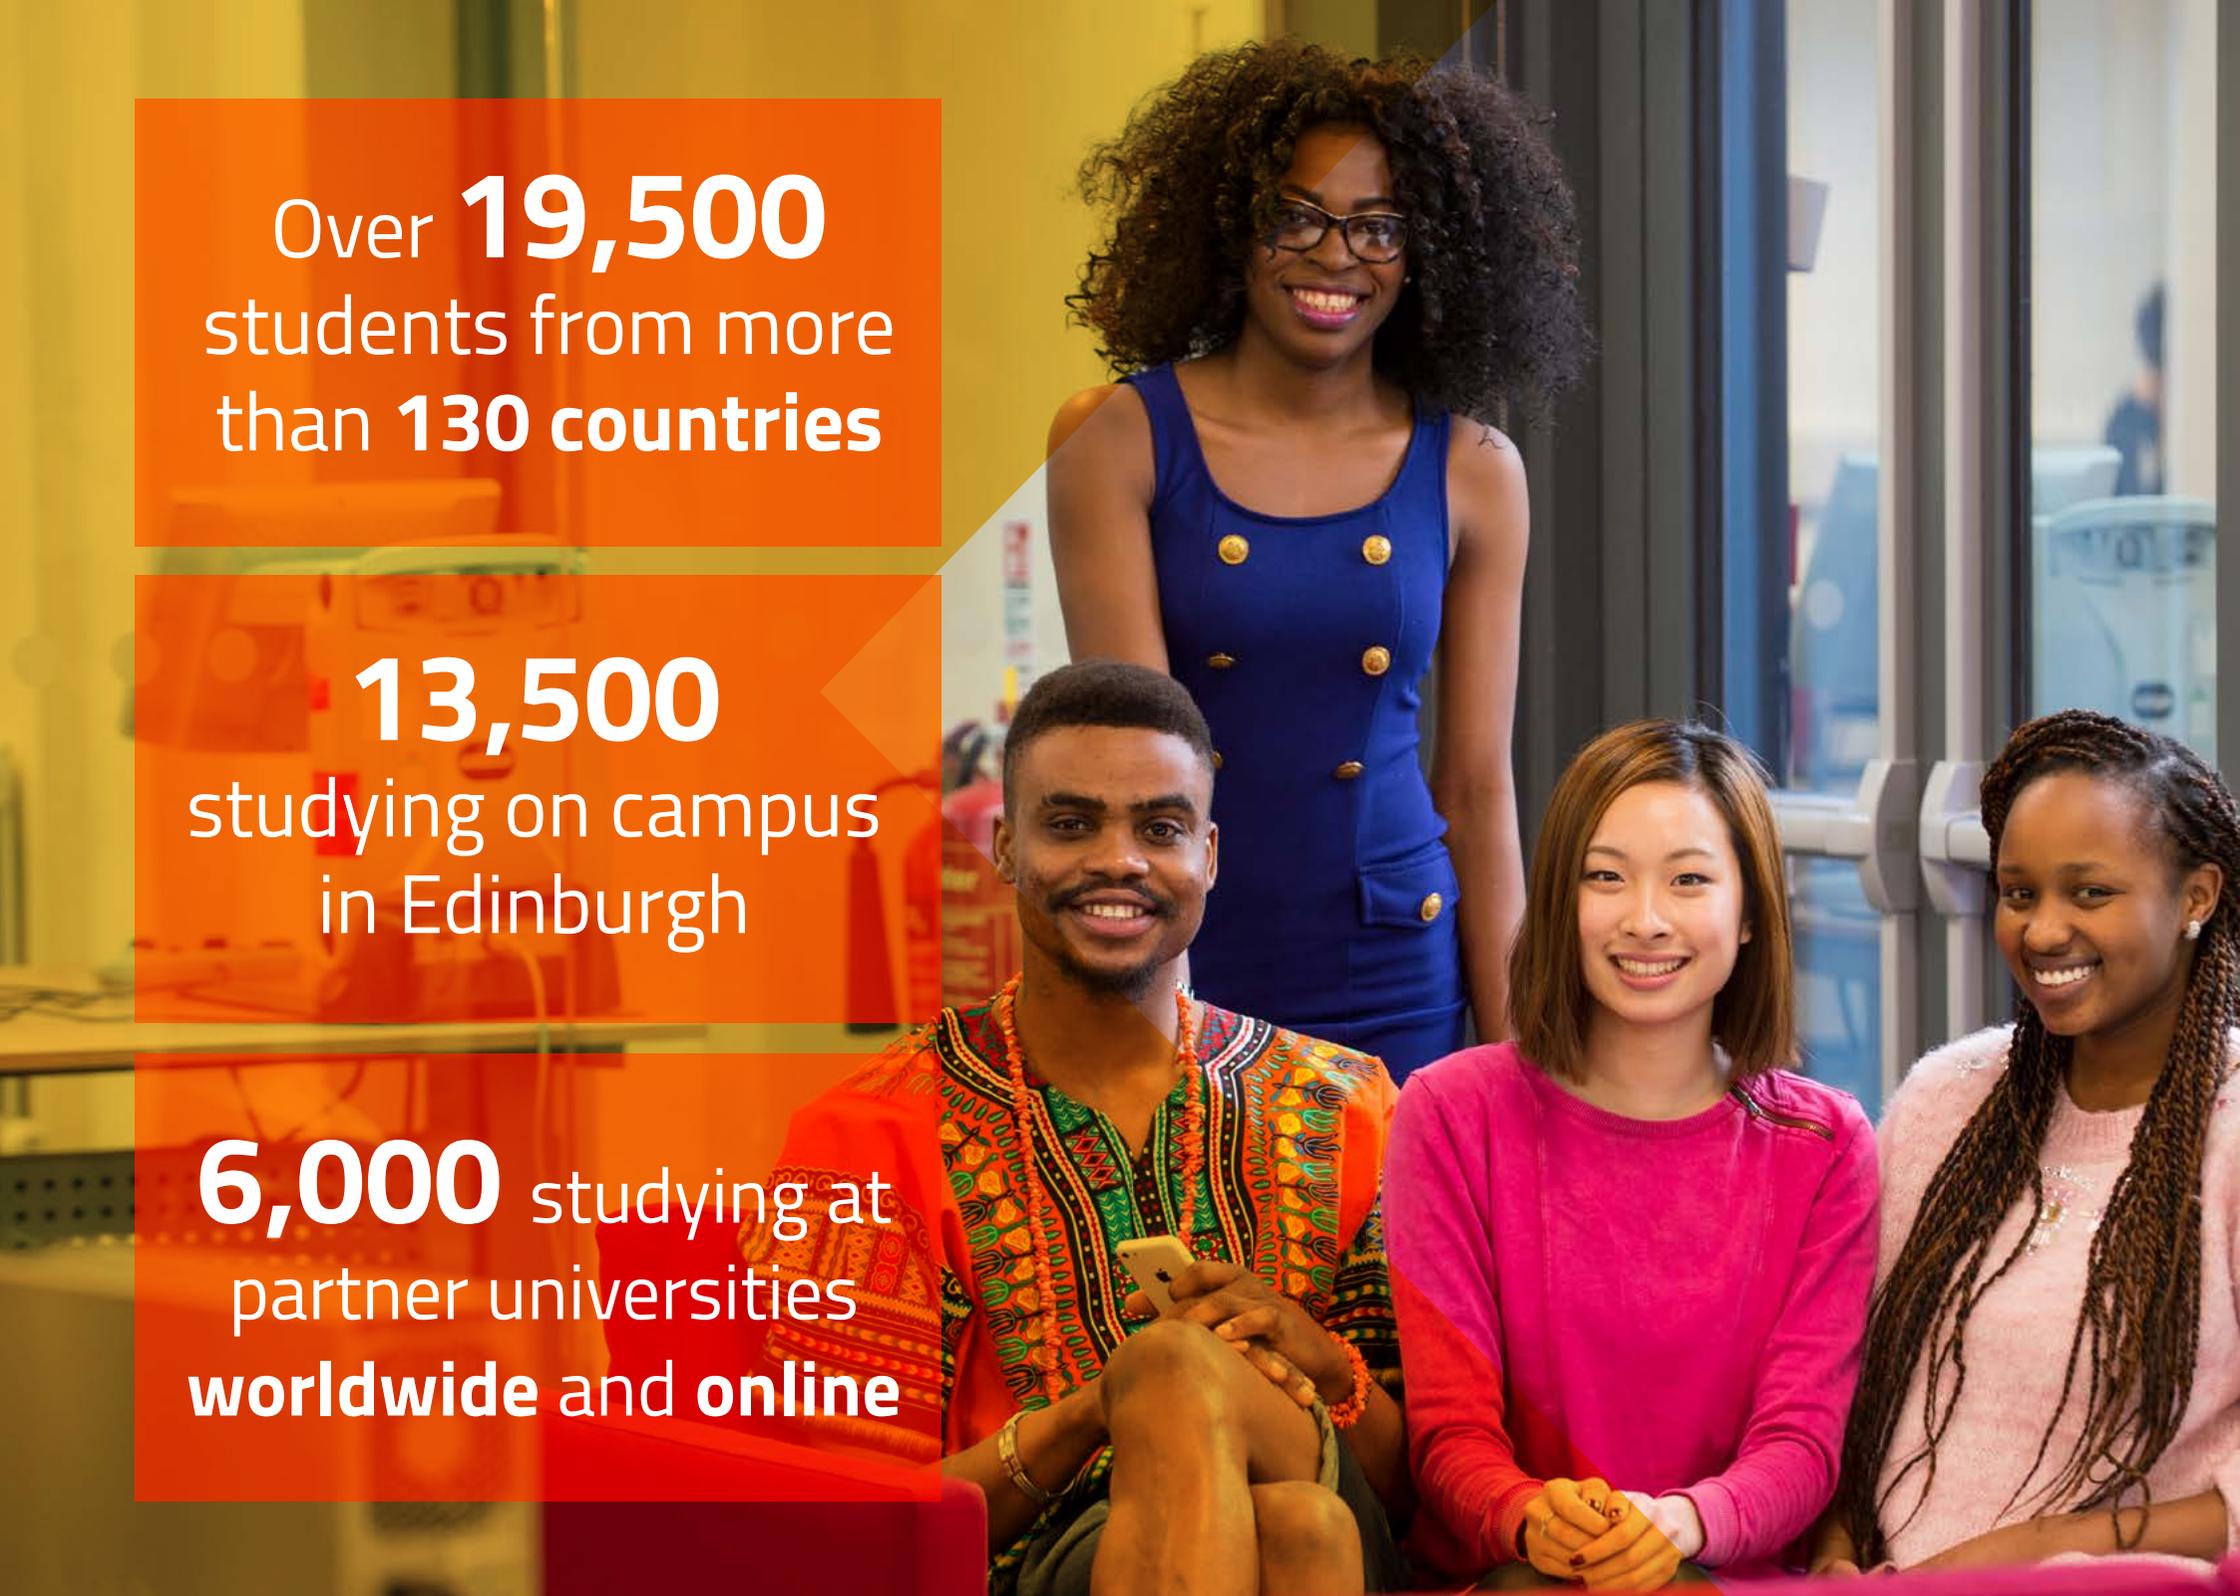

To build innovation, enterprise and citizenship

Our vision is compelling - to be an enterprising and innovative community, renowned internationally, with an unrivalled student learning experience.

**Number 1 in the UK for
nurturing student talent**

The Guardian University Guide 2017, which compares entry requirements with final degree awards, ranks us top in the UK for adding value to students.

theguardian

FIRST FOR TOURISM

Leading the way in Scotland for
more than 25 years.

- Unrivalled centre for tourism excellence at the heart of the world's festival city.
- Industry-accredited courses ranked top in Scotland and top 10 in the UK (Guardian University Guide 2017).
- Unique programmes and research, developing tourism leaders of the future.

Through teaching, research and technical innovations we provide industry with:

- highly skilled, work-ready graduates
- access to academics leading their field.

CONSTRUCTORS OF THE FUTURE

We are working to help business and industry meet the rapidly changing needs for housing, working environments and infrastructure without compromising quality and environmental performance, and fulfilling corporate social responsibilities.

- Recent awards include Creative Conscience, The Drum Roses and a D&AD Yellow pencil.
- Top modern Scottish university for Design and Crafts (Guardian University Guide 2017).
- Extensive accreditation, including Creative Skillset certification, and industry work placements.

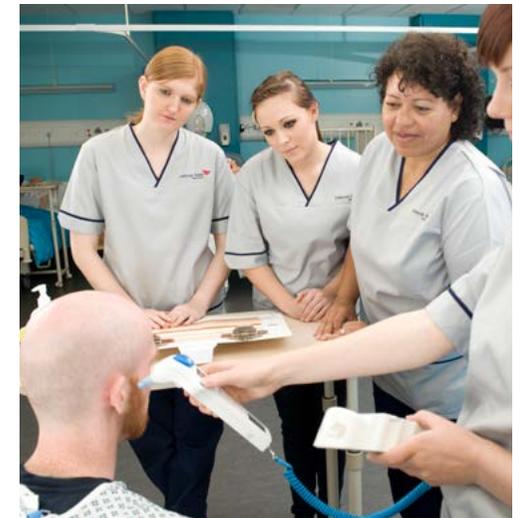

CREATIVE INNOVATORS

We develop creative innovators and award-winners and help students go beyond the classroom in diverse fields such as graphic and product design, advertising and creative computing.

"The facilities are really good, really cutting edge. That's what I like about Edinburgh Napier. Anybody who's going through the course, when they come out, they're ready to work."

Lorraine Kelly
Television presenter and Edinburgh Napier graduate

Crucial career links beyond university

Beyond the lecture theatre

Close links with industry mean work-related learning for the majority of our students, from internships and work shadowing to live projects and experiences abroad.

“Completing a placement as part of my degree gave me the best of both worlds: academic knowledge and the practical experience.”

Beyond the classroom, into the boardroom

A photograph of three men in a classroom or office environment. They are gathered around a desk, looking at a smartphone held by one of the men. The man in the center is wearing a blue, red, and green striped sweater and glasses. The man on the right is wearing a purple sweater and a maroon beanie. The man on the left is wearing a grey patterned jacket. The desk has papers, a calculator, and other items on it. The background shows a classroom with posters on the wall.

Delivering industry-accredited courses to create the confident, skilled graduates required by business.

Innovating with industry partners on award-winning knowledge transfer projects.

Supporting entrepreneurship and start-ups that benefit more than the economy.

Research that shapes
the world around us

The Business School

We believe in creating an international community of practice where people are given every opportunity to achieve their full potential, and develop the knowledge and skills required for the business environment in the UK and beyond.

- Top Scottish modern university for Marketing and the only Scottish modern university to offer Languages.
- Number 1 in Scotland and top 10 in the UK for Hospitality, Tourism and Event Management (Guardian University Guide 2017).
- Holders of the Small Business Charter Award, which recognises excellence in supporting SMEs.

School of Arts & Creative Industries

We develop creative innovators and award-winners who shape the world around them in diverse fields such as design, creative advertising, journalism, music and film.

- Students and staff consistently win awards across a diverse range of creative fields. Recent awards have included Creative Conscience, The Drum Roses and a D&AD Yellow pencil student award for packaging design (design equivalent of the Oscars).
- Top Scottish modern university for Design and Crafts (Guardian University Guide 2017).
- A top 10 UK university for Film Production and Photography. (Guardian University Guide 2017).

School of Computing

Based in the largest city in the UK for tech start-ups outside of London, we give students industry-recognised accreditations and skills to go beyond binary code to shape the world around them. We are experts in cybersecurity, digital forensics, gaming development and creative computing.

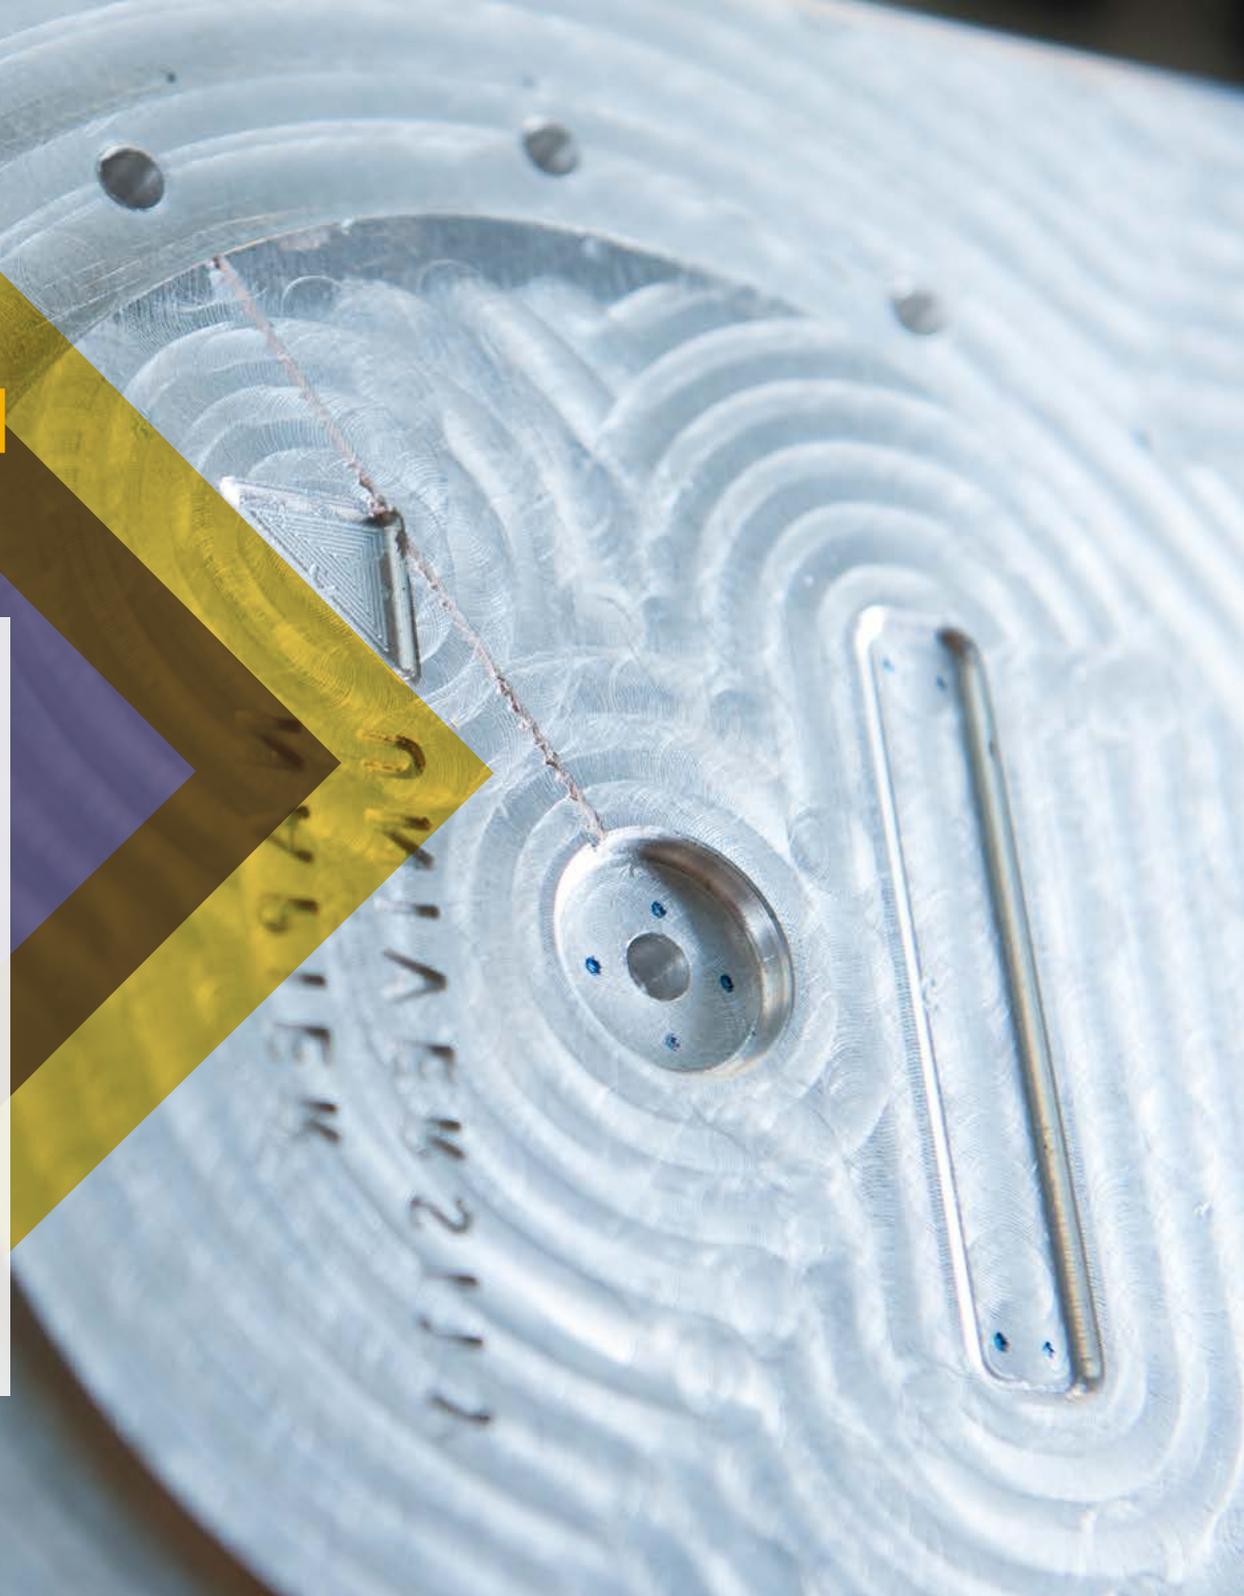

- Extensive accreditation, including GCHQ certification, and industry work placements.
- The Cyber Academy attracts a wide range of collaborative ventures with industry and international partners.
- 2015 winners of the Tripwire Capture the Flag competition, the University Cipher Challenge and Universally Challenged.

School of Engineering & the Built Environment

We go beyond learning to provide the skills you need to innovate and provide solutions for a technologically demanding society.

- Double winners of the illustrious Queen's Anniversary Prize, including in 2015 for timber engineering research.
- Our expertise in sustainable construction and transport is highly sought after by industry and government at home and abroad, serving and improving communities around the globe.
- Our research and support of new products is worth more than £65m a year to the UK timber and construction industry.

School of Applied Sciences

We go beyond learning. Putting theory into practice is our guiding ethos, using science to help you make a difference.

- A top 10 of modern UK university for Bioscience, Psychology and Social Sciences (Guardian University Guide 2017).
- Biomechanics partner for the R&A, the governing body of golf.
- Founding partners of the Mountain Bike Centre of Scotland which acts as a focal point for training, research and support for commercial opportunities in mountain biking.

School of Health & Social Care

We go beyond the theory and all our activities are about enhancing the quality of care to service users. We take on the challenges and deliver results that are directly affecting health and social care at a local, national and international level.

- Largest provider of undergraduate Nursing and Midwifery education in Scotland.
- Only university in Scotland to offer all four main areas of nursing: Adult, Child, Mental Health and Midwifery.
- Largest healthcare professoriate in Scotland.
