

# Facts & Figures

Edinburgh Napier  
UNIVERSITY

2013/14

## Senior Staff and Court

**Principal & Vice-Chancellor**  
Professor Andrea Nolan OBE

### Senior Staff

Professor John Duffield (Vice Principal Internationalisation)  
Professor Alistair Sambell (Vice Principal Academic)  
Dr Gerry Webber (University Secretary)  
Dr Sandra Cairncross (Dean of the Faculty of Engineering, Computing & Creative Industries)  
Mr Iain McIntosh (Dean of the Faculty of Health, Life & Social Sciences)  
Professor George Stonehouse (Dean of the Business School)

**Chairman of University Court**  
Dr Graham Forbes CBE

**Chancellor**  
Tim Waterstone

## Structure

### Faculty of Engineering, Computing & Creative Industries (FECCI)

Schools of:  
Computing  
Engineering & the Built Environment  
Arts & Creative Industries

### Faculty of Health, Life & Social Sciences (FHLSS)

Schools of:  
Life, Sport & Social Sciences  
Nursing, Midwifery & Social Care

### The Business School

Schools of:  
Accounting, Financial Services & Law  
Management  
Marketing, Tourism & Languages

## Strategy 2020

### Vision

"An enterprising and innovative community renowned internationally, with an unrivalled student learning experience."

### Objectives

- Grow our academic reputation
- Deliver an excellent personalised student experience
- Build innovation, enterprise and citizenship
- Internationalise our work

**Values**  
Professional  
Ambitious  
Innovative  
Inclusive

### Faculty statistics

2012/13 figures. Staff numbers subject to variation.

### Student numbers

### Student statistics

UK & EU Students	12,318	69%
Overseas Students	5,517	31%
Edinburgh (EH Postcode)	5,885	33%
Hong Kong*	2,741	15%
People's Republic of China*	790	4%
India*	526	3%
Female ♀	10,216	57%
Male ♂	7,617	43%
Under 18	422	3%
18-20	4,797	27%
21-24	5,587	31%
25-29	2,741	15%
30+	4,284	24%

\*Figures include students studying Edinburgh Napier programmes overseas.

## Edinburgh Napier alumni

Total active alumni: **78,102**  
 UK alumni: **55,052**  
 International alumni: **23,050**

BBC broadcaster **Catriona Shearer**, photographers **Dr David Eustace** and **Colin Baxter**, **Tavish Scott MSP** and film director **Dr Lynne Ramsay** are amongst the Edinburgh Napier University alumni family.

Edinburgh Napier confers honorary degrees on distinguished individuals across a wide range of fields. Those recognised include:

## Graduate employability

Edinburgh Napier provides students with industry informed courses combining the optimum balance of theory and practice, so graduates can 'hit the ground running' in their careers.

We offer a unique Confident Futures programme, helping students develop the employability skills sought by employers. We have devised a programme of events, support and advice called 'Stand Out' to help students and graduates secure a great job when they leave us.

HESA's Employment of Graduates Performance Indicator shows 92.3 percent of our 2011/12 graduates were in work or further study six months after graduating. We are ranked third in the UK for Value Added, a measure of students' entry qualifications against the honours degree results they go on to achieve (Guardian University Guide 2013).

## Widening access

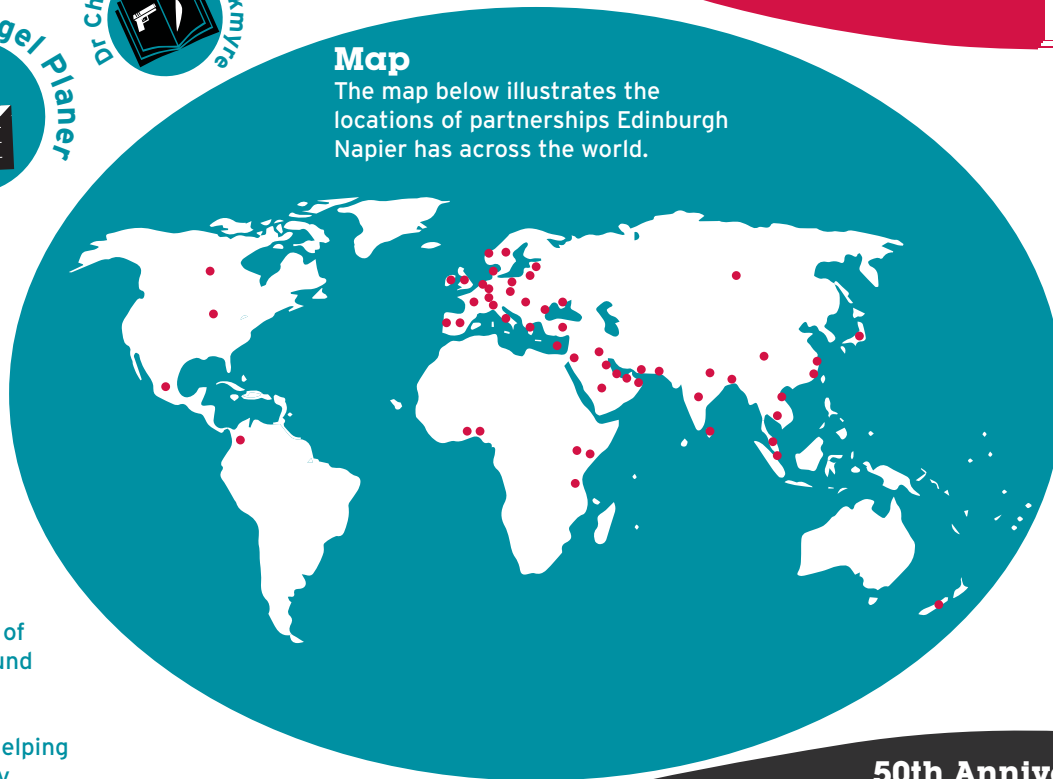

Edinburgh Napier has a long tradition of working with partners to build aspirations for higher education amongst those from low participation neighbourhoods and/or non-traditional backgrounds. Community engagement activities take place in schools, colleges and community settings. The development of 'articulation routes' in particular have helped to widen access to higher education.

In 2012/13, 1,271 students joined Edinburgh Napier directly from a Scottish College.

## Map

The map below illustrates the locations of partnerships Edinburgh Napier has across the world.

## International

We have 5,517 overseas students representing 31 percent of our overall student population.

Edinburgh Napier has around 3,900 students studying our programmes in Hong Kong, India and in Singapore. At our international graduation ceremonies over 1,200 students were awarded Edinburgh Napier degrees.

The University has been active in Hong Kong for over 20 years and enjoys successful partnerships with Hong Kong University School of Professional and Continuing Education (HKU SPACE) and the School of Continuing and Professional Education (SCOPE) at City University of Hong Kong.

**We are the largest provider of higher education in Hong Kong.**

## 50th Anniversary

During 2014, Edinburgh Napier University is celebrating 50 years of learning by recognising key events, people and achievements in our short yet remarkable history. We have set up a designated webpage where you will find stories from our history, news, and details of our plans throughout the anniversary year. We will be looking at events over the past 50 years and covering the many successes we have been lucky to share with students - both past and present - in business, industry, science and all the other key education areas Edinburgh Napier University is known for.

Visit [www.napier.ac.uk/50](http://www.napier.ac.uk/50) for more information.

**50 YEARS OF  
 LEARNING  
 1964 - 2014**

## Business Innovation Exchange

Through its Commercial Services office, Edinburgh Napier has led the creation and establishment of the Business Innovation Exchange (BIE) programme to help make its academic expertise more readily available and accessible to the business base.

The BIE is a unique, collaborative partnership between Edinburgh Napier, Queen Margaret and St Andrews universities, providing easy access to university expertise. Seven Business Development Executives, five based at Edinburgh Napier, together with dedicated support staff, help small to medium-sized enterprises (SMEs) access each partner university's academic knowledge, intellectual property, sector expertise as well as their advanced research equipment and facilities. The BIE programme supports the Scottish Government's drive to increase innovation within SMEs and over its first 30 months of operation has stimulated an additional £7m of business investment in research and technology development.

The BIE is supported through both the Scottish Funding Council and European Regional Development Fund grant funding.

### Key facts

The University received 84 percent satisfaction in the National Student Survey 2013

We first achieved the Investors in People standard in January 2000, and we have been successfully reaccredited in March 2004 and May 2007. In May 2010 the University achieved Investors in People Bronze, and in August 2013 achieved Investors in People Silver status for the first time.

We secured The Royal Society for the Prevention of Accidents (RoSPA) President's Award for 10 consecutive Gold Awards. The award for Occupational Health and Safety recognises consistently high standards in the management of Occupational Health and Safety within the University.

## Environmental expertise

To meet the aspirational targets set within our Environmental Sustainability Policy we are developing an Environmental Management System (EMS) at Edinburgh Napier. Our EMS will pull together historic, current and future work covering all areas of environmental sustainability including, for instance, biodiversity, carbon and transport. We aim to complete our EMS and gain ISO14001 by 2015/16.

Our success to date includes reducing our carbon emissions by 25 percent between 2006/07 and 2012/13, with a reduction target of 35 percent by 2014/15. In 2013, for the fourth consecutive year, we were ranked highest in Scotland for our work in the People and Planet Green League.

To ensure external verification of our work we recently gained the Carbon Masters Standard for carbon reduction and the Carbon Trust Water Standard for absolute water reduction of 24.2 percent between the start of 2011/12 and end of 2012/13.

## Estates

Edinburgh Napier University has three main campuses at Craiglockhart, Merchiston and Sighthill.

A revamped Sighthill Campus opened in January 2011 to house the Faculty of Health, Life & Social Sciences, and has first class student facilities including mock hospital wards and forensic crime scene rooms. The campus also boasts a sports centre used by staff, students and the wider public.

Merchiston Campus was also refurbished in 2013 and brings together our Faculty of Engineering, Computing & Creative Industries under one roof. This campus has state of the art music recording studios and photography facilities, together with the existing industry standard TV and Radio studios and dedicated computer games lab.

Craiglockhart Campus is home to The Business School and includes excellent lecture theatres, teaching and Learning Resource Centre facilities.
